### Cost of Courses

**NWTC:** This is a no-cost credit opportunity for students. In exchange for the tuition that would normally be charged per student, NWTC recognizes the instruction delivered by District teachers as covering that cost. NWTC will continue supporting offerings to students at no cost to student or the District. Students must earn at least a 'C' to receive credit from NWTC.

**St. Norbert College:** \$180.00 for a four credit undergraduate course

**UWGB:** Cost will be dependent on decision yet to be made at the state level. For the 2015-16 school year there was no cost to students.

**If a student chooses to withdraw from a CEP course after the initial ten-day time frame, he/she will be responsible for the full tuition amount.**

### Grading

**The grade earned in the CEP course will be on the student's permanent high school and postsecondary transcript.** Students in CEP courses will receive letter grades (A-F) based upon their performance related to the expectations of the class. If a student fails to earn a grade of at least "C" in a CEP course, the following procedures will be activated:

- They will not be eligible to earn college credit for the CEP course that was attempted (NWTC only)
- Additional coursework may be required to earn sufficient credit to graduate
- Earning a "D" in the course will still awarded high school credit as follows:
  - .05 credit for a course lasting 1 semester in length
  - 1.0 credit for a course lasting 2 semesters in length
- The student will not be able to take CEP courses until the course is retaken and a grade of "C" or better is earned
