

What if every child fulfills his or her potential?

Think how amazing that would be.

**MENTORS
CHANGE LIVES**

Mentors open a world of possibilities for children by participating in everyday activities. Through these activities, a friendship is built and a child's life is changed forever.

Everything we do at Big Brothers Big Sisters of Northeastern Wisconsin is inspired by our passion to make a positive and lasting impact on the children and communities we serve. Big Brothers Big Sisters changes lives and helps communities through its meaningful, monitored matches between adult volunteers, "Bigs," and children, "Littles."

WHO'S WAITING?

"Jeremy" could really use a grown up friend. His little brother has health problems and his mom has her hands full dealing with his needs. Jeremy's dad isn't in his life and at 10 years old, he's very aware of his friends talking about their fathers and activities they do together. He's a little shy and quiet when meeting new people, so he needs a patient man who can help him come out of his shell. The extra attention he receives from a Lunch Buddy will help him become more self-confident.
