SUMMATIVE EVALUATION REPORT 2022-2023

Keller Elementary School in the Green Bay Area Public School District operated a 21st Century Community Learning Centers (21st CCLC) program during the 2022-2023 school year. The 21st CCLC program originated as part of Congress's reauthorization of the Elementary and Secondary Education Act of 1994 to provide grants to schools and to expand education services beyond the regular school hours. Since that time, the 21st CCLC program has been one of the fastest growing programs in the federal government, with a 2019 allocation of \$1.2 billion, serving just over 10,000 centers nationwide.

The focus of the program reauthorized under Title IV, Part B of the No Child Left Behind Act, is to provide expanded academic enrichment opportunities to children attending low-performing schools. Tutorial services and academic enrichment activities are designed to help youth meet academic standards in subjects such as reading and math. In addition, 21st CCLC sites provide program activities related to youth development; drug and violence prevention; technology education; art, music, and recreation programs; counseling; and character education to enhance the academic component of the program.

During the 2022-2023 school year, Keller Elementary School contracted with Jenell Holstead, Ph.D., Director of the Consortium of Applied Research at the University of Wisconsin – Green Bay, to provide external evaluation of the after school program site. Dr. Holstead's evaluation activities included analyzing summative data regarding outcomes from the 2022-2023 school year. This report presents the summative results for the Keller program site.

STUDENT CHARACTERISTICS

In total, 46 students attended the program during the 2022-2023 school year. Of those that attended, 20% had special education needs and 11% were English language learners. Of note, 74% of the students were receiving free/reduced lunch. The program consisted of roughly 26% Black or African American students, 20% students who are two or more races, 17% white students, 15% Hispanic or Latino students, 15% Asian students, and 7% American Indian or Alaskan native students. About 54% of the participants were female, compared to 46% male.

Program staff prioritized recruitment of students who were in need of academic support or had social, emotional, or behavioral needs. Staff also recruited low-income students, past participants and their siblings.

The majority of students who attended the program at least one day during the school year attended “regularly” (more than 30 days across the year). In fact, seventy-two percent (72%) of participants attended 90 or more days during the school year. On an average day, 30 students attended the program.

Forty students attended more than 90 hours of programming, with 25 students attending for more than 270 hours during the school year.

| Average Daily Attendance | 19 | 27 | 30 |

PROGRAM OFFERINGS AND STAFF

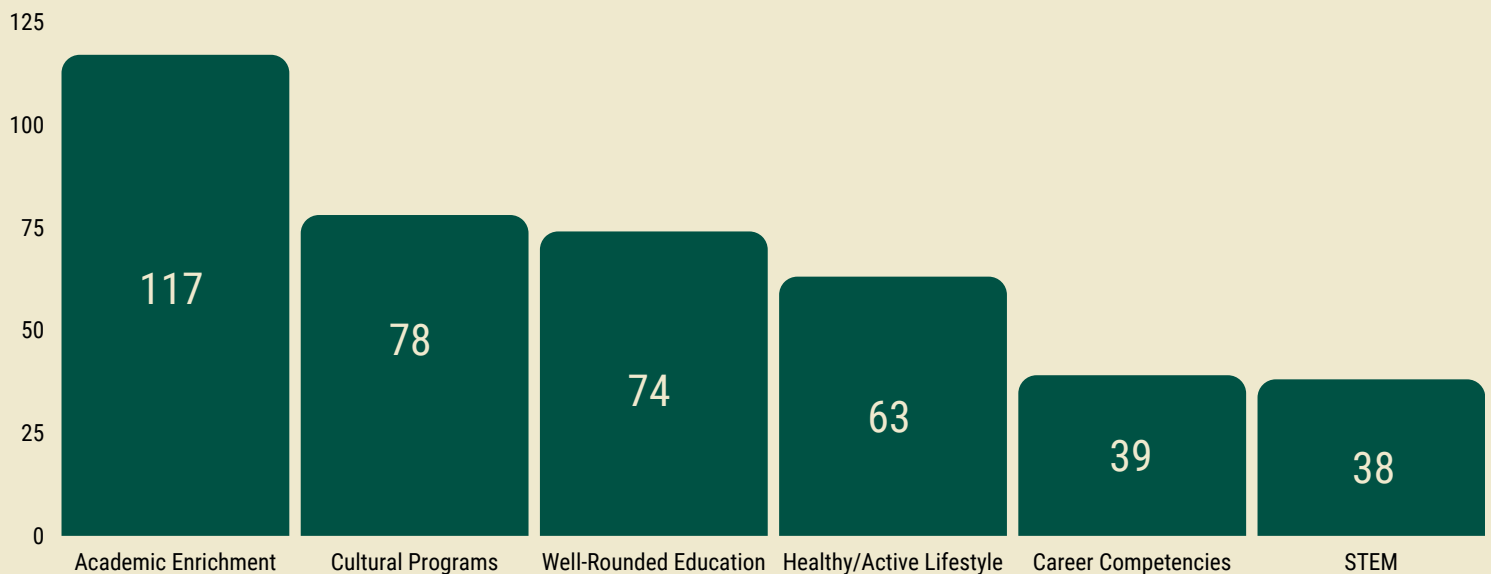

During the 2022-2023 school year, numerous activities were provided during the week. In total, students participated in 117 hours of academic enrichment, 78 hours of cultural programs, 74 hours of well-rounded education, 63 hours of healthy and active lifestyle, 39 hours of career competencies and career readiness, and 38 hours of STEM activities. Keller staff used state standards to guide 21st CCLC programming.

The program partnered with 4-H, Artworks for Kids, The Automobile Gallery, Lovell Richardson Photography, Salon 325, and Starz Barber and Beauty.

The program operated for 36 weeks during the 2022-2023 school year and was open for a total of 154 days. In general, the program operated five days per week and served youth for approximately 12 hours each week.

In total, 7 staff worked for the program including four college students, one high school student, one administrator, and one community member.

HOURS OF PROGRAMMING

WHAT STUDENTS SAY

Students have great things to say about the program. In total, 16 3rd, 4th, and 5th grade students completed a student survey at the end of the year. Sixty-three percent (63%) of these students reported their identity was represented by at least one adult in the program, while 100% of students reported that program staff cared about them. Overall, children reported feeling safe at the program (94%) and that they belonged at the program (88%). Eighty-seven percent (87%) of participants reported that there was at least one adult at the program they could talk to and trust.

WHY STUDENTS ATTENDED THE PROGRAM

WHAT FAMILIES SAY

At the end of the year, 23 families completed a family survey. Eleven families reported that they had two or more children in the program, representing 35 students who participated. The survey was available in English, Hmong, and Spanish.

In the survey, 100% of families reported that staff and program leaders cared about their child, with 78% strongly agreeing with this statement. Moreover, 100% of families reported that program staff communicated with them about the program, 100% felt happy with the types of activities their child participated in, and 100% reported that because of the interaction with the after school program staff they felt more welcomed in the school.

Families were also asked to report whether the days and times the program was offered were adequate to meet their needs, with 100% agreeing that the days and times were adequate. One-hundred percent (100%) of families reported that they were more engaged with their child(ren)'s education because of their participation in the program.

100% of families reported that staff and program leaders cared about their child(ren).

Percentage of families reporting CCLC program helped child:

- Get along better with others: 100%
- Improve their grades/do better in school: 100%
- Participate in activities they would not otherwise have had the opportunity to participate in: 100%
- Increased confidence in their abilities: 100%

FAMILY INVOLVEMENT

During the 2022-2023 school year, there were five family events. Eighty-seven percent (87%) of family members surveyed participated in at least one family event. The activities were designed to address the learning needs of the adults and create connections between the school and the home. One-hundred percent (100%) of those family members indicated that the events helped them develop their own knowledge and skills, with 100% reporting that the activities helped them feel engaged in their child(ren)'s education.

WHAT TEACHERS SAY

Teachers were surveyed in Spring 2023 and asked to report the extent to which the CCLC program had helped students in a variety of categories. The results were overwhelmingly positive and are summarized in the table below.

| What happened with the student's... over the course of the year? | Engagement in Learning | Enjoyment of Class Activities | Participation in Class Activities | Asking Questions | Completion of In-Class Assignments | Connecting Class Activities to Outside World | Willingness to Try New Things | Demonstration of Self-Directed Learning |
|--|------------------------|-------------------------------|-----------------------------------|------------------|------------------------------------|--|-------------------------------|---|
| It needed to improve and it did. | 26% | 23% | 21% | 15% | 13% | 18% | 18% | 15% |
| It needed to improve but it stayed the same. | 18% | 5% | 15% | 15% | 8% | 5% | 13% | 13% |
| It needed to improve but it got worse. | 3% | 5% | 3% | 3% | 5% | 3% | 0% | 0% |
| It did not need to improve. | 54% | 67% | 62% | 64% | 72% | 64% | 69% | 72% |

PROGRESS TOWARD GOALS & OBJECTIVES

| Guiding Principles | Measurable Goals | Keller |
|---|--|---|
| Programs will provide a stable, safe, and supportive environment to meet the needs of the target population | 100% of students express that they feel safe, supported, and welcomed on the end of program survey. | Some progress made (94% of students) |
| | 80% yearly retention rate of staff at each site. | Goal met (83% of staff retained) |
| | 100% of sites will develop a professional development plan that incorporates best practices to address staff learning needs. | Goal met (Professional development plan created) |
| Programs will develop youth as learners | Students who attend afterschool programming for 200+ hours or more will meet end of year grade level expectations in reading as measured by Fountas and Pinnell. | Some progress made (30% of all attendees meet expectation) |
| | Students who attend after school programming for 200+ hours or more will meet end of year grade level expectations in math as measured by DRA. | Some progress made (60% of all attendees meet expectations) |
| | 100% of schools include after school program into the school's continuous improvement plan. | Goal not met (Program not included in school's continuous improvement plan). |

PROGRESS TOWARD GOALS & OBJECTIVES

| Guiding Principles | Measurable Goals | Keller |
|--|---|---|
| Programs will support the development of other skills necessary for success | 100% of sites will provide voice and choice activities after school at least twice a week. | Goal met (Program provided voice and choice activities at least twice a week) |
| | 90% of frequent program attendees (60+ days) will participate in a minimum of two rigorous Service Learning projects per year. | Some progress made (28% of regular attendees participated in 2+ service learning projects) |
| Programs will engage families and the broader community in support of student learning | 90% of families of frequent program attendees (60+ days) will report that the CLC family engagement activities helped them feel engaged in their child's education based on end of year survey. | Goal met (100% of family members surveyed) |
| | At least 2 events geared towards helping families support student learning in literacy or math will be offered each year. | Goal met (5 family events) |
| | Programs will engage a minimum of 5 Community Based Organizations as part of student programming each year. | Goal met (6 community partners) |
| | Programs will provide a minimum of 1 community-based field trips each year. | Goal met (1 field trip) |

SUMMARY

The CCLC program at Keller Elementary School continued to thrive during the 2022-2023 school year. The program served 46 students, and the majority received free/reduced lunch. The program recruited students in need of academic, social and emotional, or behavioral needs, as well as low-income students. Families and students also rated the program quite favorably, with 100% of families reporting that program staff cared about their child.

As the program looks to the 2023-2024 school year, staff should reflect on the success achieved and openly discuss challenges with stakeholders. Program staff must continue to utilize the partnerships and evolve with the changing needs of the community. The program must continue to receive the support of the school district, local businesses, community organizations, families and students with which it serves.

ABOUT CAR

The Consortium of Applied Research (CAR) at UW- Green Bay seeks to support local businesses, non- profits, community organizations, and educational entities by translating research into practical solutions. Through the collection, use, and dissemination of qualitative and quantitative data, CAR provides objective consultation to help organizations make informed decisions and measure impacts of programs and initiatives. CAR specializes in program evaluation, customized statistical analysis, grant writing services, data management, and training/technical assistance.
